

Bates Motel Sign

Full-size printable template

Finished size: 5.4 ft wide x about 5.8 ft tall

70 letter-size pages, landscape

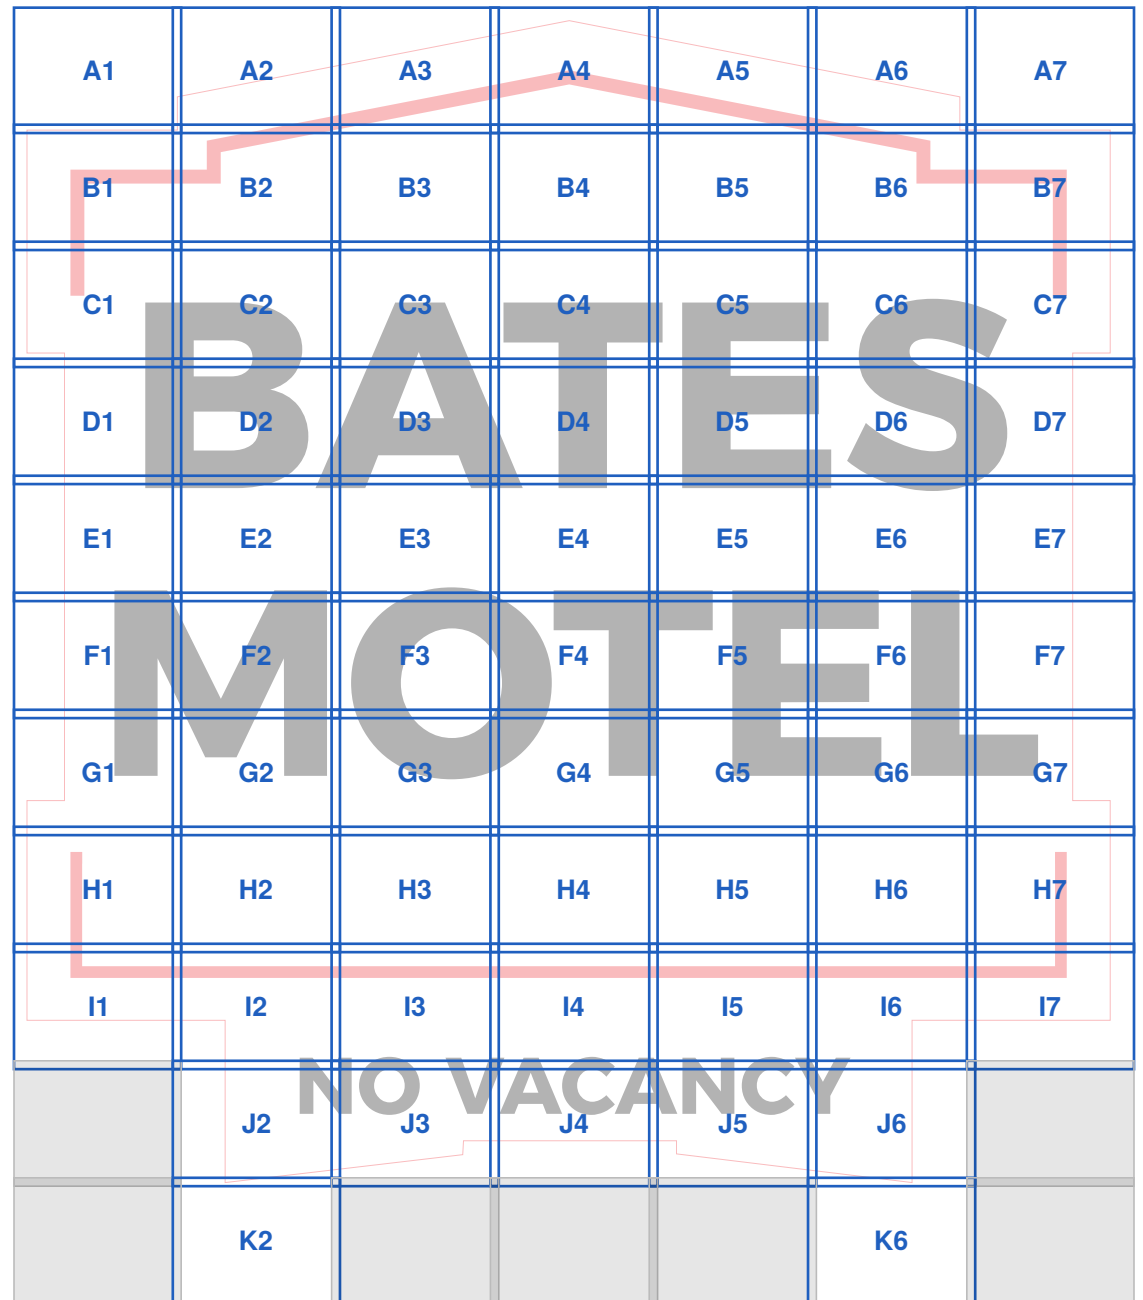

Free from Tyler Halloween House

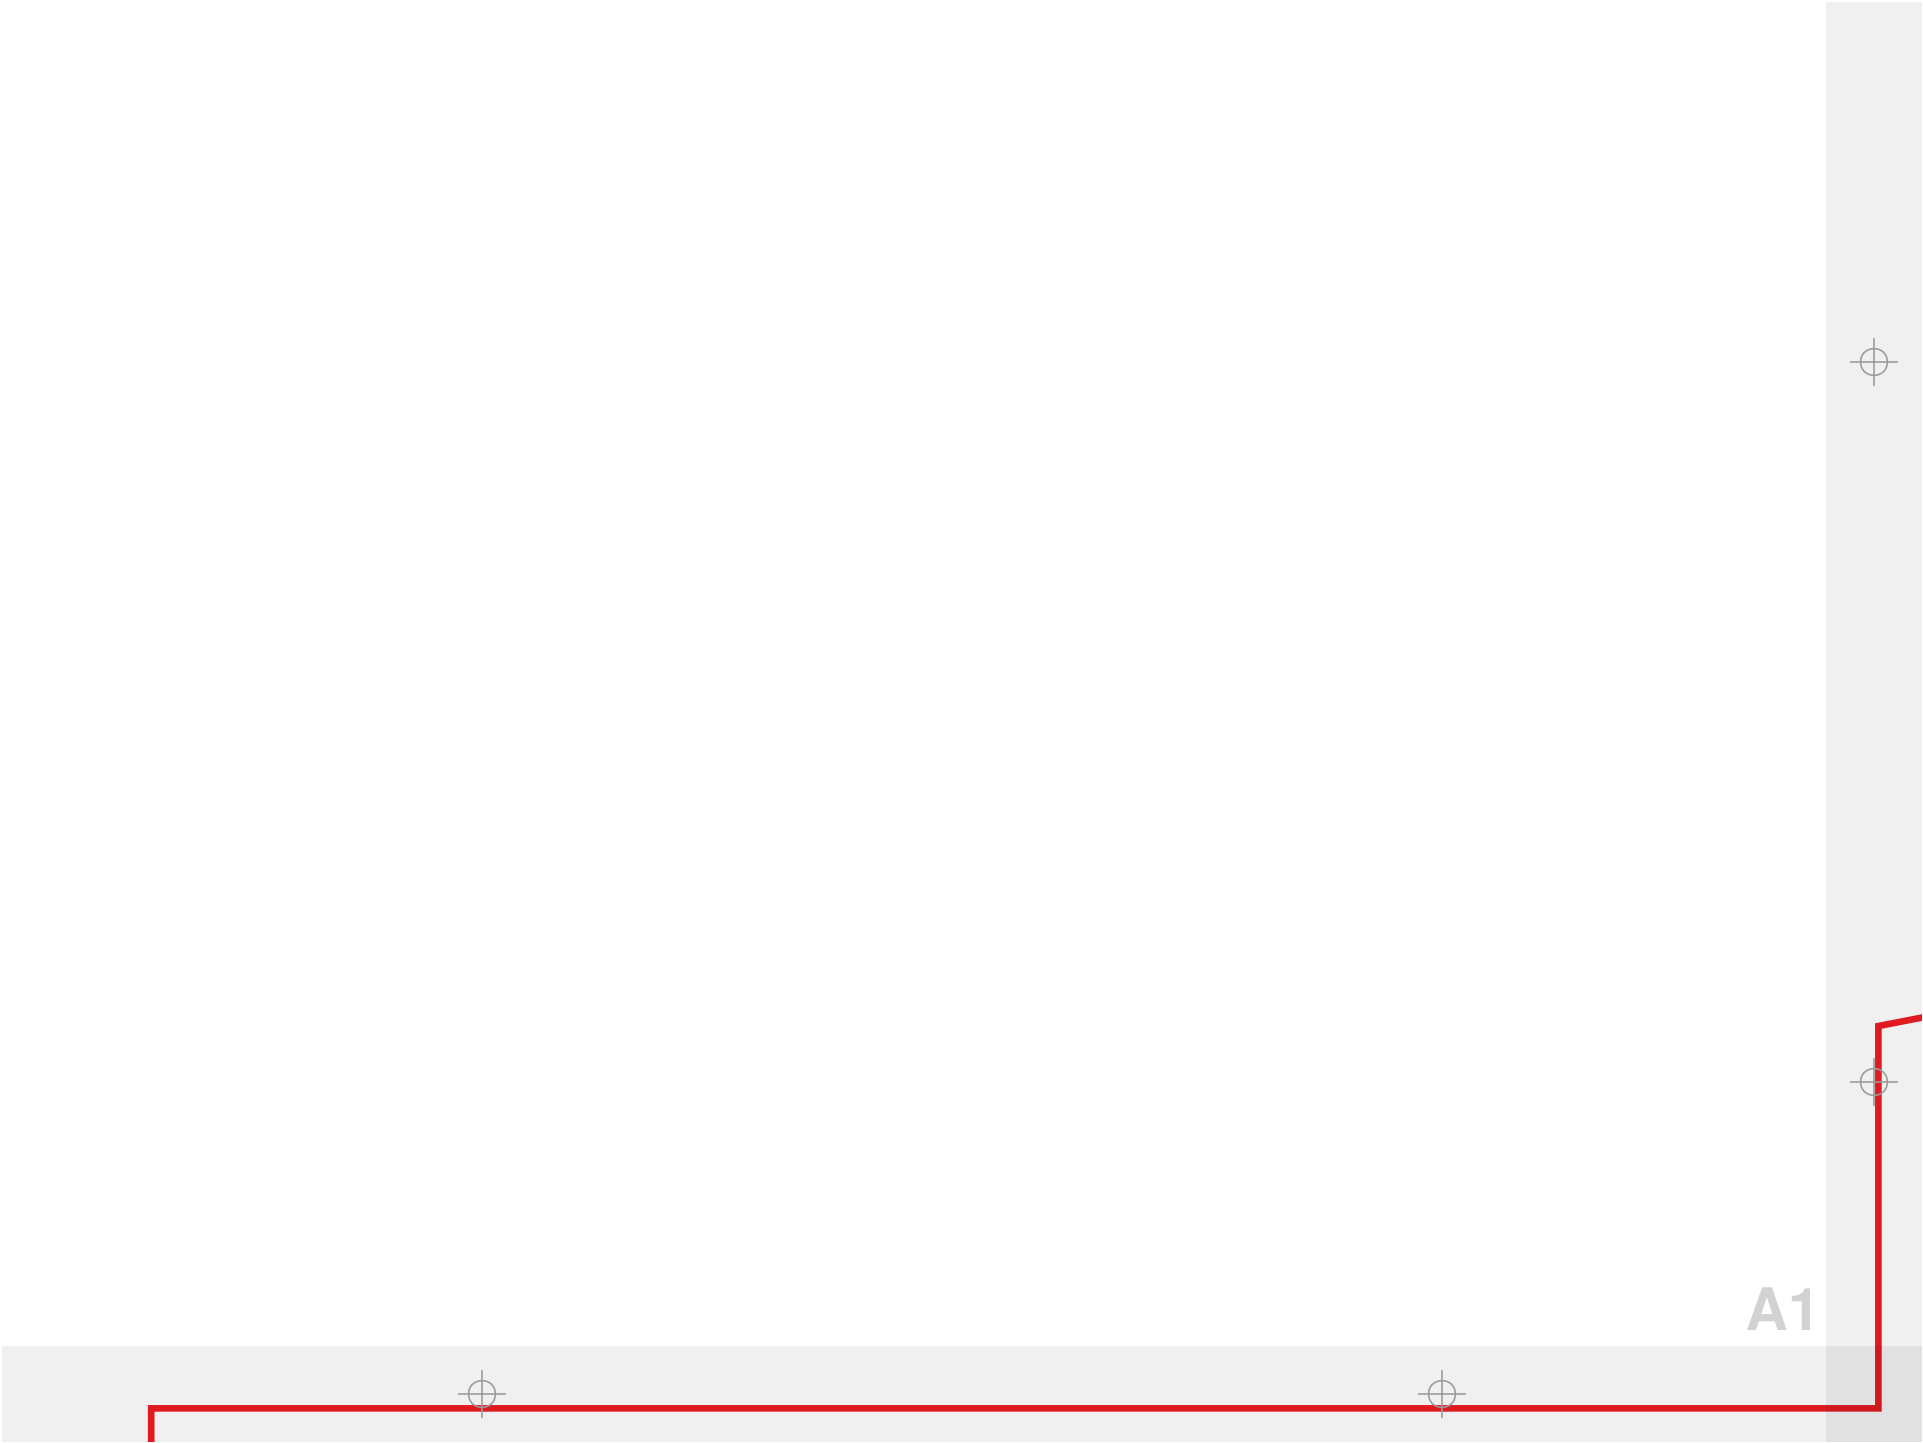

How to print and assemble

1. Print at 100% (Actual size). Turn off Fit to page.
2. Measure the 1-inch square below before printing the rest.
3. Gray squares on the map are blank and are not in this file. Leave those gaps.
4. Trim each page along its dashed lines (left and top edges).
5. Lay each trimmed edge over the shaded strip of its neighbor. Match the crosshairs and the artwork, then tape.
6. Black lines are the letters. Thin red lines are the sign outline and border.

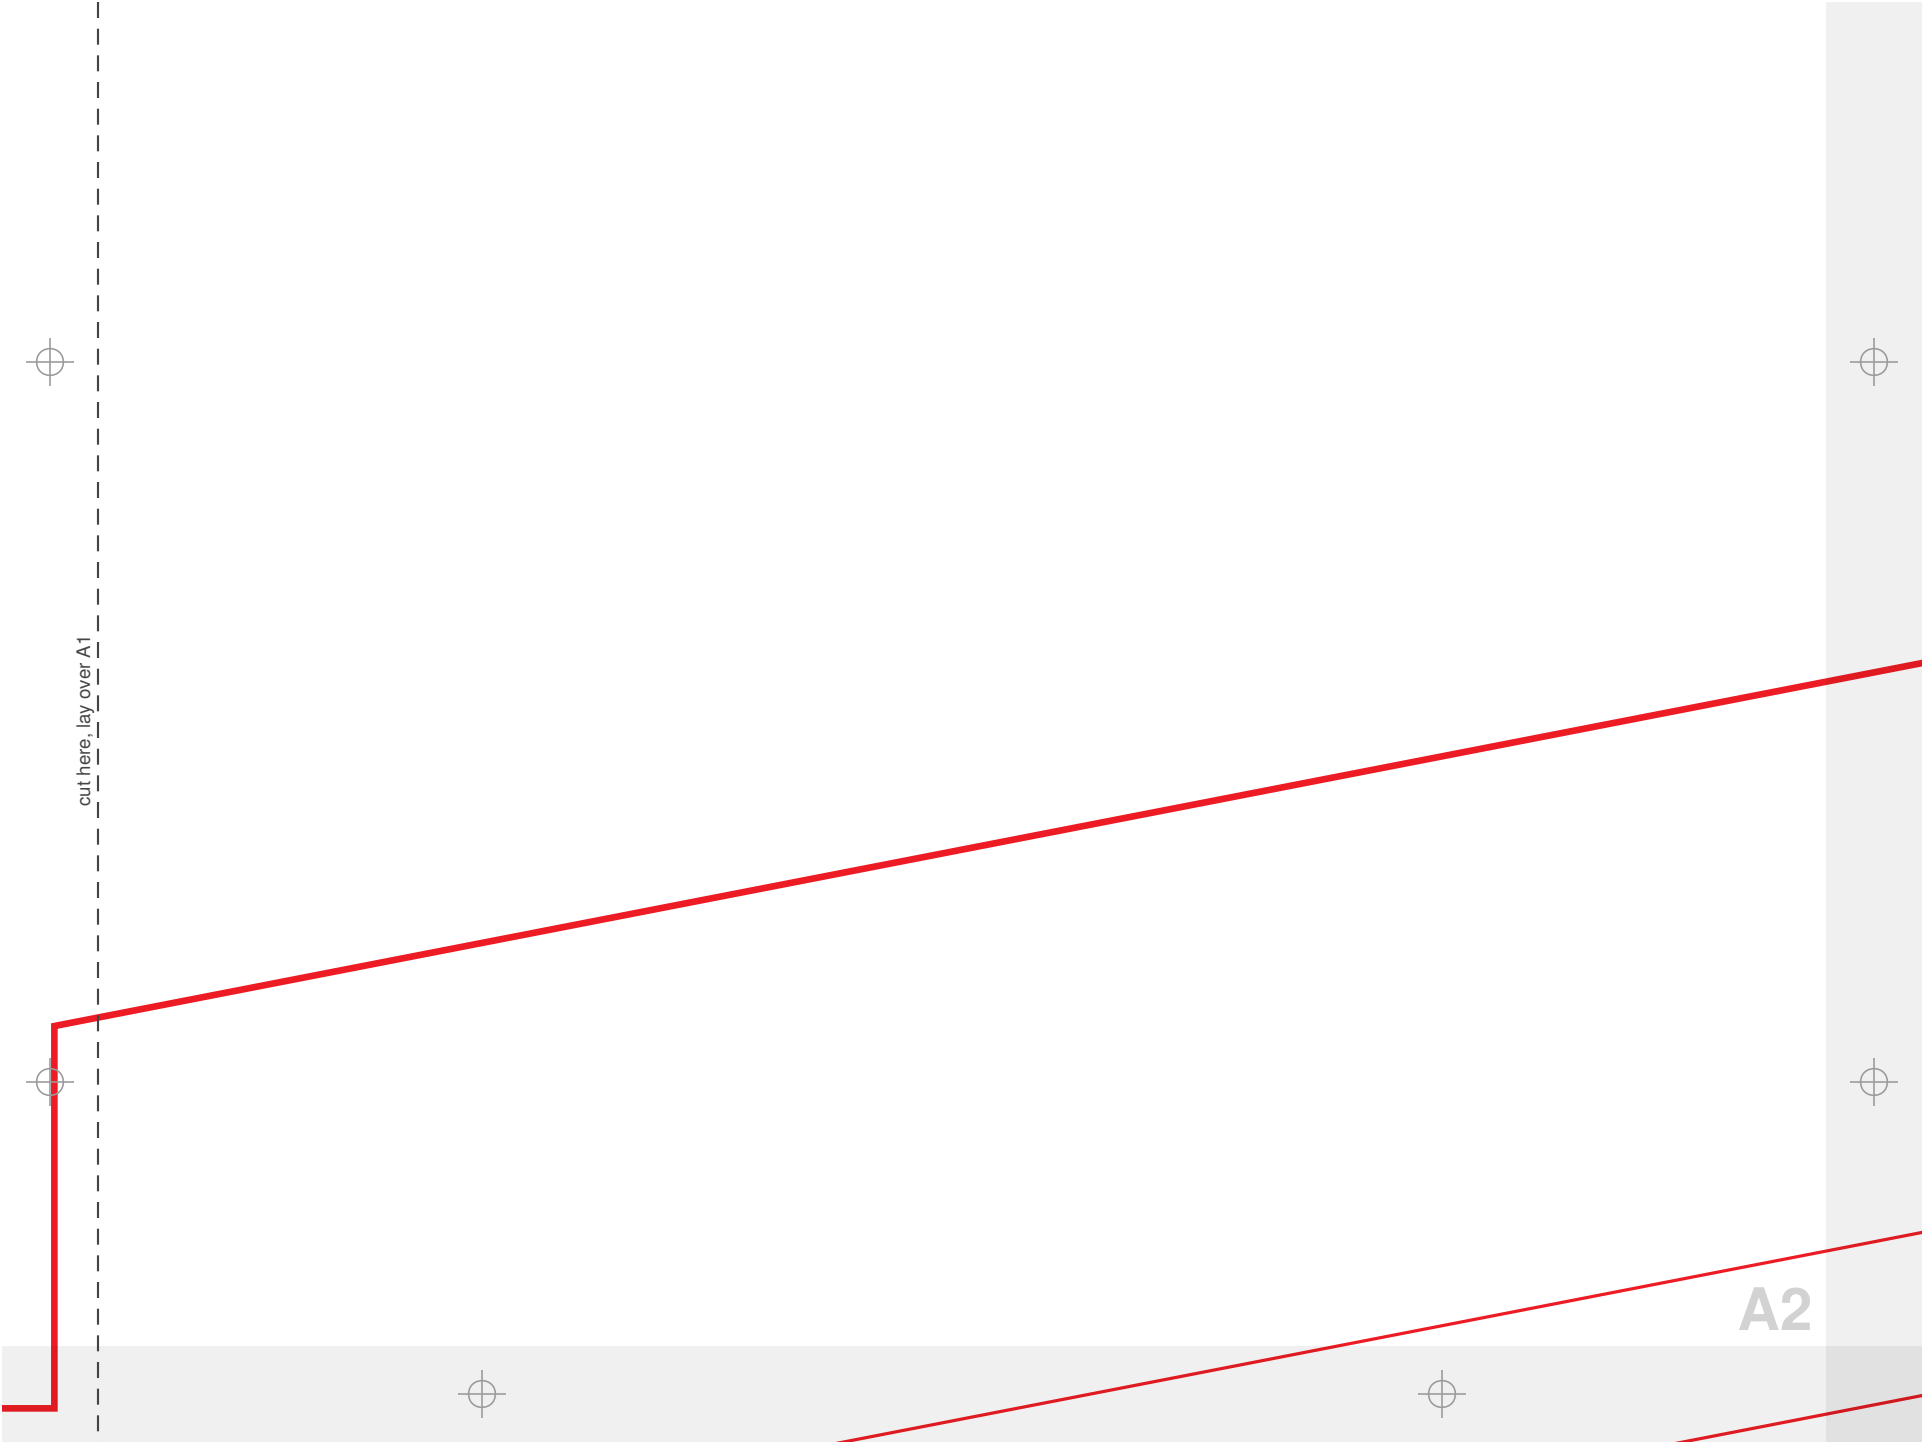

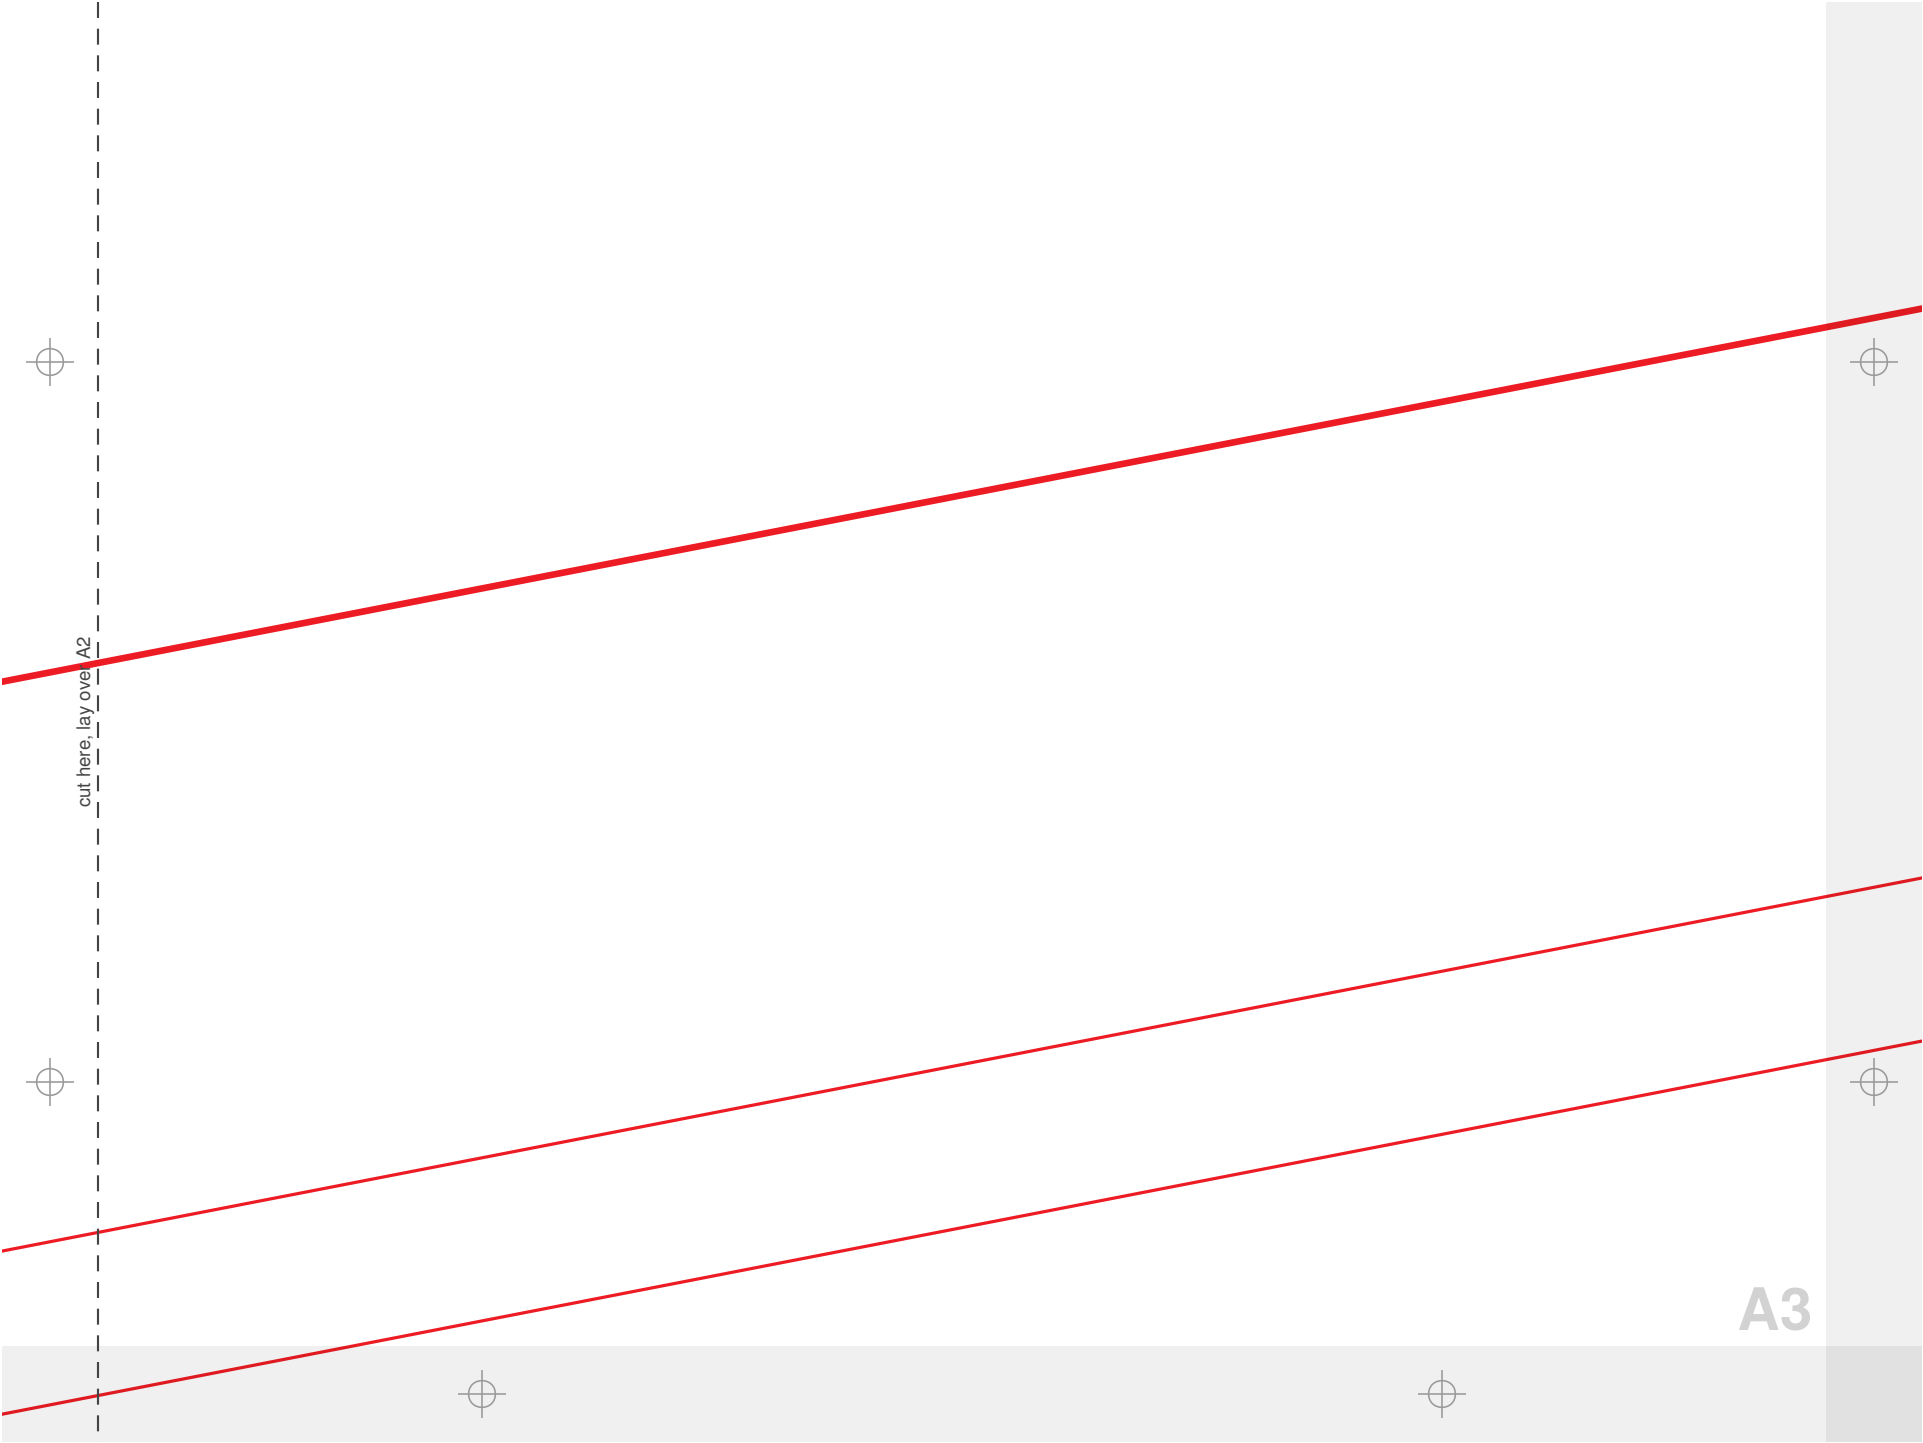

This square should measure exactly 1 inch.
